

**DUTY STATEMENT**

CEC-004 (Revised 04/07)

CALIFORNIA ENERGY COMMISSION

Classification: Energy Analyst	Position No. 420-5837-067
CBID: R10	Office: Existing Buildings and Compliance
Date Prepared: September 26, 2017	Division: Efficiency
KEY: (E) IS ESSENTIAL, (M) IS MARGINAL	

The Energy Analyst is under the supervision of the Energy Resources Specialist III (Supervisory) in the Existing Buildings and Compliance Office of the Efficiency Division. The incumbent performs work of average difficulty in a wide variety of consultative and analytical energy assignments in the Compliance and Enforcement Unit supporting the implementation of the *Building Energy Efficiency Standards* (Energy Standards) and increasing compliance with the Energy Standards.

WORKING CONDITIONS: The work is typically performed in an indoor office and meeting room setting, involving sitting, standing, and walking, but may require occasional outdoor work to evaluate energy using equipment and systems. Work area is well lighted and ventilation is adequate. The noise level may be high. Some travel is required to attend off-site meetings or participate in conferences, workshops, and hearings. Additional hours beyond an eight-hour workday or 40-hour workweek may be required. While performing the duties described below, the incumbent will be required to work alone and/or in a team environment, using a personal computer and Energy Commission word processing, spreadsheets, electronic mail, WebEx, and Internet browsers.

DUTIES AND RESPONSIBILITIES:

- 45% As part of a team, develop, implement, and enforce a responsible contractor policy to ensure that retrofits meet high-quality performance standards and reduce energy savings lost or foregone due to poor-quality workmanship. Conduct research and analysis for the purposes of developing, implementing, and enforcing a responsible contractor policy that will increase compliance with the Energy Standards. Identify barriers to implementing and enforcing a responsible contractor policy and make recommendations to overcome those barriers. As part of a team, develop, implement, and enforce consumer protection guidelines for energy efficiency products and services. In addition, as part of a team, conduct research and analysis to increase compliance with and enforcement of the Energy Standards. Identify the barriers to compliance and make recommendations to overcome those barriers resulting in increased compliance with the Energy Standards that can be quantified and reported. (E)
- 20% Assist in the management of contracts and work authorizations related to the responsible contractor policy and its implementation. Responsibilities will include assisting in the preparation of solicitation or work authorization documents, conducting bidders' conferences, proposal evaluation and selection, negotiation of work statements, deliverables and financial charges, preparation of contracts and request memos, assigning
