This payment is for Chair Weisenmiller, representing the California Energy Commission, to participate in the Berlin Energy Transition Dialogue. The purpose of this trip is to continue California's active cooperation with Germany to address climate change. This event aims to strengthen intergovernmental dialogue as well as to foster the exchange between high-level decision-makers from governments and regulatory bodies and leaders of businesses, associations, science and academia as well as NGOs and civil society who are active in promoting the implementation of energy transitions in their respective countries. The specific goal of this year's event is to transform the successful outcome of COP21 (also known as the 2015 Paris Climate Conference) into applicable concepts for an intelligent, sustainable and cost-efficient energy transition.
