**PON-13-302  
Addendum 2  
July 31, 2014**

**PON-13-302 Developing Advanced Energy Storage Technology Solutions to  
Lower Costs and Achieve Policy Goals**

The purpose of this addendum is to make the following revisions to the Solicitation Manual and Attachment 1 Application Form (Project Abstracts and Proposals):

**Solicitation Manual (Program Opportunity Notice)**

**Part I**

1. Page 8, Section F (Key Activities Schedule): Extended the application deadline to August 18, 2014.

**Part II**

2. Page 16, Section B (Project Requirements): Clarified that technology goals are not mandatory.
3. Pages 16-17, Section B (Project Requirements): Revised language to state that pilot tests must either be located in IOU service territory or based on a use case and grid point interconnection site located in IOU service territory.

**Part III**

4. Page 18, Section A (Application Format, Page Limits, and Number of Copies): Clarified that resumes do not count toward the sixty-page limit.
5. Page 22, Section C (Application Organization and Content): Clarified that the applicant may include up to three (and not five) recent publications.

**Part IV**

6. Page 26, Section E (Stage One: Application Screening): Revised screening criterion 8 to state that pilot tests must either be located in IOU service territory or based on a use case and grid point interconnection site located in IOU service territory.
7. Page 28: Clarified that estimates of energy savings or GHG impacts must only be calculated as specified in Attachment 12 to the extent that the references are applicable to the proposed project.

**Attachment 1, Application Form (Project Abstracts and Proposals)**

8. Page 1, "Project Location" box: Added a "Non-IOU Service Territory" row.
