

CITY OF SHASTA LAKE NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN:

that the City Council of the City of Shasta Lake, California will hold a public hearing at the John Beaudet Community Center, 1525 Median Avenue, Shasta Lake, California, on Tuesday, December 20, 2011, with the session commencing at 6:00 P.M., or as soon thereafter as possible, to consider adoption of a resolution approving a renewable energy procurement plan and an enforcement plan in accordance with SBX1-2.

DESCRIPTION:

In 2002, California established its Renewable Portfolio Standard Program, with the goal of increasing the percentage of renewable energy in the state's electricity mix to 20% of retail sales by 2017. In 2006, Senate Bill 107 codified California's 20% by 2010 RPS goal. Publicly owned utilities, like the City of Shasta Lake, set their own RPS goals recognizing the intent of the legislature is to achieve the 20% by 2010 target. In response to SB 107, the City of Shasta Lake adopted policies and practices in an effort to meet a 20% RPS goal.

In April 2011 new legislation, Senate Bill X1-2, was signed by Governor Brown requiring all utilities to meet a 33% Renewable Portfolio Standard (RPS) goal by 2020. By legislative mandate, the City of Shasta Lake must adopt the new RPS goals of an average of 20% of retail sales from renewable resources for the period 2011-2013, 25% by the end of 2016, and 33% by the end of 2020. In order to accomplish this, there must be changes to the City's existing policies and practices. In addition, the City of Shasta Lake is required to provide both a plan for procurement to reach this RPS goal as well as an associated enforcement program, which must be approved by Council and submitted to the California Energy Commission by the end of this calendar year.
